As grounds for this motion, Plaintiffs state that there is no genuine issue as to any material fact in this matter and that they are entitled to judgment on the above-referenced claims as a matter of law. Plaintiffs also state that Defendant United States Forest Service has violated the National Environmental Policy Act of 1969 at 42 U.S.C. §§ 4331, *et seq.* and its applicable implementing regulations, and North Carolina state statutes at N.C.G.S. § 105-230(a) and

N.C.G.S. § 105-230(b), by preparing an inadequate and erroneous Environmental Assessment; by preparing an arbitrary and capricious Finding of No Significant Impact and Decision Notice approving the Clay County Shooting Range project; by failing to prepare and circulate for public review an Environmental Impact Statement for the project; and by approving a patently invalid contract under state law. Therefore, summary judgment in favor of Plaintiffs is warranted as a matter of law.

In support of this Motion, Plaintiffs rely upon the Memorandum in Support of Plaintiffs' Motion for Partial Summary Judgment; all the pleadings heretofore filed by the parties; and to the Administrative Record (this document has no docket number, as it was filed conventionally with the Clerk of Court in the Asheville office) and Administrative Record – Part 2 (this document has no docket number, as it was filed conventionally with the Clerk of Court in the Asheville office) lodged by the Defendant with this Court, and together which establish that there is no genuine issue of any material fact in this action. Accordingly, Plaintiffs respectfully move the Court for entry of an Order granting partial summary judgment in their favor on all above-referenced claims and prayers for relief.

Respectfully submitted on this, the 31st day of May, 2016.
